Whose Skin Are You Under Now?

## **Hand To Mouth** (GORDON / HEHIR)

Too much too soon , so what you gonna do  
You gave your word , All eyes are watching you

Now these are restless times we live in ,  
Revolution all around  
Oh but you know they'll never give in  
So you'd better not make a sound

Oh Hand to mouth, you're taken in  
You took the ride, so where've you been  
Hand to mouth and once again  
The fool inside, says play to win play to win

It's too late you can't stop,  
the tide of change has come  
With one dream your fight, has only just begun

This is a restless world we live in,  
Revolution all around  
And the day you have to give in  
Oh you'd better not make a sound

Oh Hand to mouth, you're taken in  
You took the ride, so where've you been  
Hand to mouth, and once again  
The fool inside, says play to win play to win  
Hand to mouth

Oh you can raise your glass to freedom,  
Now you can toast the flag again  
But inside the mind of reason  
You'll find that silence is your only friend

Oh Hand to mouth, you're taken in  
You took the ride, so where have you been

Hand to mouth, and once again  
The fool inside says play to win play to win  
Hand to mouth, Hand to mouth  
Hand to mouth, Hand to mouth

## **Mosquito** (GORDON / DEWS)

You used to be my hero, but you're not anymore  
Now you're scaring the shit out of me  
Don't recognise the planet  
that you're calling me from  
But I guarantee the total population is one  
I just had to let you go

Mosquito, flying solo  
Whose skin are you under now  
Mosquito, at your window  
She's gonna get to you somehow

I used to get to feeling  
that we've been here before  
Hanging like a fly on the wall  
I recognise the circles you've been calling upon  
You're still lying in your bed,  
but all the pleasure has gone  
I just had to let you know

Mosquito, flying solo  
Whose skin are you under now  
Mosquito, at your window  
She's gotta get to you somehow

### Wall Of Silence (GORDON)

I've got no doubt, you're shooting the breeze  
What you talk about, no one else sees  
But in all this madness and confusion  
I see a lonely man.....Hey  
Throw me a line so I can believe  
Sink or swim, be sure you can breathe  
'cos somewhere in this madness and confusion  
There lies the perfect plan

But this Wall of Silence,  
you're taking around  
Your Wall of Silence,

is such a lonely sound  
Take it down yeah

Remove the shades it's all in your mind  
{Most peculiar}  
Show me the man, the one you can't find  
'cos somewhere in your sadness a solution  
Is staring close at hand

But this Wall of Silence,  
you're taking around  
You're Wall of Silence,  
is making no ground  
Go break it down  
Wall of Silence... You're building a wall  
So no one can get to you

In a Wall of Silence, it's such a lonely sound  
Go break it down yeah  
Wall of Silence  
You chose who to surround,  
but all that I have found

Is this Wall of Silence,  
it's breaking me down  
With your Wall of Silence  
You finally found your ghost town  
In your Wall of Silence,  
I can't learn to live this way  
In a Wall of Silence,  
it's getting louder everyday  
Wall of Silence, Wall of Silence  
Wall of Silence

## **Staring At The Sun**

(GORDON / EVANS / HUNTER / MURRAY / REDFERN)

When you feel like you've got nowhere to turn  
Remember my words forget those lies you heard  
'cos I aint in the mood for, for hanging around

When you feel like you've got nowhere to hide  
I'll be by your side,  
there in your mind well it's alright  
I aint in the mood for, for playing around  
Playing around Yeah yeah

The way we were just flashed before my eyes  
Tell me what to say, before it fades away  
And if I said that you and I've been waiting way  
too long  
To let it come undone, until we live as one  
I'll keep Staring at the sun

Now and then I know I let you down  
Remember me now forget those lies you found  
'cos I aint in the mood for, for letting you down

Oh baby please you know I feel so alone  
When we're on our own,  
No one knows but it feels right  
Girl I'm in the mood for, for playing around  
Playing around Yeah yeah

The way we were just flashed before my eyes  
Tell me what to say, before it fades away  
And if I said that you and I've been waiting way  
too long  
To let it come undone, until we live as one  
I'll keep Staring at the sun  
I'm coming back to you  
Gotta see it through

Well the way we were just flashed before my eyes  
Tell me what to say, before it fades away  
And if I said that you and I've been waiting way  
too long  
To let it come undone, until we live as one  
I'll keep Staring at the sun  
I'll keep Staring at the sun  
Staring at the sun

## **When The Lights Go Down**

(GORDON / DEWS)

I wanna tell you how I feel ,  
tonight I'll give you everything, my heart and soul  
No holding back, you know I'm here to stay  
So do we have a deal,  
'cos I know there's no money back, no guarantee  
Come on I really need to hear you say  
You wanna take this all the way

So when the lights go down  
The whole world seems to disappear  
Rock the sound, let's start the party of the year  
There's no one to put us down  
or tell us what to do  
'Cos All I see when the lights go down is you

So tell me how do you feel  
'cos this could be the start of something bigger  
So much better than you've ever felt before  
You keep me coming back for more

And when the lights go down  
The whole world seems to disappear  
Rock the sound, this is the party of the year  
There's no one to put us down

Set me down Anywhere the wind blows  
Oh I won't drink from your silver cup  
I won't stop till I've had enough  
Anyway the wind blows

You've been holding on,  
you've been here too long  
You've forgotten what we started so long ago  
And I'm not watching you,  
& what you're going through  
'cos I'm not ready to regret  
something I'll never know  
All I'm asking you won't you

Take me up where your river flows  
And set me down Anywhere the wind blows  
Oh I won't drink from your silver cup  
I won't stop till I've had enough  
Won't you Take me up where your river flows  
And set me down Anywhere the wind blows  
I won't drink from your silver cup  
I won't stop till I've had enough

Anyway the wind blows  
Until I know that we'll survive  
Anyway the wind blows  
And all I'm asking you now, Oh won't you

Take me up where your river flows  
And set me down Anywhere the wind blows  
'cos I won't drink from your silver cup

I won't stop till I've had enough  
Take me up where your river flows  
And set me down Anywhere the wind blows

I won't drink from your silver cup  
And I won't stop till I've had enough

Anyway the wind blows  
Anyway the wind blows

## **Hide Your Love Away**

(LENNON / McCARTNEY)

Here I stand head in hand  
Turn my face to the wall  
If she's gone I can't go on  
Feeling two foot small

Everywhere people stare  
Each and every day  
I can see them laugh at me  
And I hear them say

Hey You've got to hide your love away  
Hey You've got to hide your love away

How can I even try  
I can never win  
Hearing them seeing them  
In the state I'm in  
How could she say to me  
Love will find a way  
Gather round all you clowns  
Let me hear you say

Hey You've got to hide your love away  
Hey You've got to hide your love away

Shotgun love, you know is only gonna kill  
I said a Shotgun love  
Any dreams you had will be here still  
Shotgun, The Shotgun love

Shotgun love , Shotgun love  
Yeah, I'll be here still  
Shotgun love, waiting for you babe  
Shotgun love, hear what I say stay away  
From that Shotgun love

### **Heart Of Hearts** (GORDON / GREEN)

In my Heart of Hearts, Oh I know you're mine  
  
I've heard the talk behind my back  
They said you'd leave whenever things got bad  
But talk is cheap if you think like that  
And they don't know what we had  
I've never doubted you in anyway  
Even in times when they called your name  
I really don't care what people say  
I won't loose sleep at all

In my Heart of Hearts , I know this time  
There's no other love to be found  
In my Heart of Hearts

A whispered word in a crowded room  
Is just enough to prove them wrong  
A simple smile is all I need  
To take my fears away  
So let the world go have its say  
I really don't know how to explain  
The one true feeling that I have

It just won't go away

In my Heart of Hearts, I know you're mine  
There's no other love to be found  
In my Heart of Hearts

I guess I've known it all along  
We're in a place we don't belong  
Now's the time to be strong  
And leave behind fair weathered friends

In my Heart of Hearts, I know this time  
There's no other love to be found  
Oh In my Heart of Hearts  
Heart of Hearts  
I know you're mine  
There's no other love to be found  
In my Heart of Hearts, In my Heart of Hearts  
There's no other love to be found  
In my Heart of Hearts  
You know I'm with you all the way

### **Anyway The Wind Blows** (GORDON / YOUNG)

I'm not waiting for, I'm not hoping for  
I'm not praying for somebody to come along  
I'm not trying to, agonise to you  
I'm not crying to forget something I've never done

Oh I was out of line, yeah I was doin fine  
I was thinking that nobody could understand  
I'm not looking for, some kind of open door  
I'm not searching or believing  
in some promised land  
Take me up where the river flows

or tell us what to do  
'Cos All I see when the lights go down is you  
When all we need is love to see us through  
Just kill the lights I'll show ya

I can't keep this secret anymore  
Let's come together, cross that big dance floor

To where the lights go down  
The whole world seems to disappear  
Yeah when the lights go down  
There's a feeling I can shout about  
and just had to tell ya  
When the lights go down  
The whole world seems to disappear  
Rock the sound, let's start the party of the year  
There's no one to put us down  
or tell us what to do

'Cos All I see when the lights go down is you  
All I see is you, Lights go down  
All I see is you, Lights go down  
Yeah All I see is you, Lights go down  
All I see is you, Lights go down  
And All I see is you, Lights go down  
And All I see is you, Lights go down  
And All I see is you, Lights go down  
Lights go down

### **Somethin Goin On** (GORDON)

An empty bed, a suitcase at the door  
Another day another town  
been here so many times before  
Centre stage yeah you picked out the lights

You think you've got it all worked out  
Now I don't know for sure,  
but hey you know the score

There's Somethin goin on  
Whispers in the night  
There's Somethin goin on  
And it's never black or white

An empty head, adjust a dirty mind  
My imagination's running wild  
No drug they can prescribe,  
Can you pick up the vibe ?

There's Somethin goin on  
As lips pass in the night  
There is Somethin goin on  
Outta mind and outta sight  
Oh yeah there's Somethin goin on  
In Scented candlelight  
There is Somethin goin on  
If you play with dynamite

Oh then I can explain what's come over me  
I guess we should wait, suck it and see  
I got so much to give, do ya hear what I say

What I've got up my sleeve  
Would blow you away ..... Blow by blow

Yeah there's Somethin goin on  
Oh whispers in the night  
There is Somethin goin on  
Let me wet your appetite  
Now there's Somethin goin on  
Oh as lips pass in the night

There is Somethin goin on

Outta mind and outta sight  
 Let me wet your appetite, wet your appetite  
     Let me wet your appetite  
 There is Somethin goin on  
     Somethin goin on  
 Yeah there is Somethin goin on

## One Day At A Time

(GORDON)

Fearless promises, we made to keep that night  
 But somehow they got lost inside our lives  
     And a chance like this,  
     won't come without a fight  
 I see your face each time I close my eyes

I'm watching you and seeing shadows on a wall  
 but all they do is disappear into the night, because  
     of you  
 I can't erase these thoughts from my mind  
 I'm watching you, And all these images of you  
     The things you do,  
     If you knew what I'm going through  
     Since you've gone , I live my life  
     One day at a time.

Here it comes again, a feeling I can't hide  
 Thoughtless words still echo in my mind  
 And it's only when, I see my foolish pride  
     Took away the light in your eyes

I'm watching you,  
 and seeing shadows on a wall  
 but all they do is disappear into the night, because  
     of you  
 I can't erase these thoughts from my mind

I'm watching you,  
 I never thought someone could be  
 The things you do, are so much a part of me  
     Since you've gone, I live my life  
     One day at a time.

And I don't wanna leave you now  
     I still believe somehow  
     If we could leave it all behind  
     You might see me too

And all those shadows on the wal,  
     when I'm with you  
 Will disappear into the night, because of you  
     I can't erase these thoughts from my mind  
 I'm watching you, and all these images of you  
     I'll hold on to, If you knew  
     what I'm going through  
     Since you've gone, I live my life  
     One day at a time, One day at a time  
     One day at a time, One day at a time  
     One day at a time

## Another World

(GORDON)

It's time for change, re arrange your mind  
 Got to move on, leave the past behind  
 And smoke screens hide memories of you  
     These dreams that I can hold on to

In Another world, oh In Another world  
     In Another world, In Another world  
     In Another world, In Another world

It's not the end, it's a whole new beginning  
     {Half glass, half full yeah}  
 Time has a way, of melting frozen hearts  
     And it seems each time I think of you  
 Sweet dreams could only have come true

In another world,  
     Living alone in a world of our own  
     oh In another world, a world of our own  
     In Another world,  
 Come out of the rain let me hold you again  
     In another world, we can make it again  
     Living alone in a world of our own  
     So give it up  
     and don't live in a world of your own

And no one knows the truth but you and I  
     Next time around

In another world,  
     Living alone in a world of our own  
     oh In another world, you're still living alone  
     In Another world, Come out of the rain let me  
     hold you again In another world,  
     come out of the rain  
     Another world,  
     Living alone in a world of our own  
     In another world, In another world  
     In Another world,

Come out of the rain let me hold you again  
     Love won't die, time after time,  
     In Another world  
     Living alone in a world of our own  
     In Another world,  
     Come in from the rain  
     In Another world,  
     Come out of the rain  
     let me hold you again

## Shotgun Love

(GORDON)

I saw you leaving by the back door  
     Of a cheap downtown motel  
     You were dressed up like an angel  
     Who'd just been through the jaws of hell  
     There's no escaping from this city  
     Or the shame you feel inside  
 So when you wake up in the morning  
     And you've got nowhere to run,  
     nowhere to hide

This is a Shotgun love,  
     parked up on suicide row  
 This is a Shotgun love And I'm praying for you  
     In time you'll know

Now everybody's got their demons  
     And everybody's got their fears  
 But you got more than you bargained for  
     When the smoke finally clears

You'll see the Shotgun love,  
     is living high upon a hill  
     This is a shotgun love  
     and if you're needing a friend  
     I'll be here still

Though it's the same face in the mirror  
     Something makes you look again inside  
     To find your self respecting shadow  
     Is way too busy dealing with your pride

This is a Shotgun love, you chose a suicide road  
     Oh with a Shotgun love,  
     Oh I'm praying for you  
     In time you'll know
